¹ 30 minutes free blocking time on FLEX vehicles

Once you've located a FLEX vehicle using our mobile app, you can block it free of charge for up to 30 minutes, giving you time to reach it. You can block the same vehicle one additional time if you do not access it within the first 30 minutes.

² 20 minute credit if you are refueling a FLEX vehicle

A time credit of 20 minutes will be applied for any trip of an hour or less billed at the FLEX vehicle rate if it costs at least \$20 (taxes included) to fill up the tank.

In the case of a trip of less than 20 minutes, the maximum credit will be equivalent to the length of the trip.

³ Up to 15 minutes to clear snow on a FLEX vehicle

During winter, a credit of up to 15 minutes is applied to your trip for snow removal. Your billed trip time will begin when you start driving, or 15 minutes after you unlock the vehicle, whichever comes first.

The snow removal credit is applied regardless of the weather. If you use more than one FLEX vehicle in a day, the credit applies to each vehicle used. If you happen to use the same vehicle again during the day, the credit will only apply once.

The goal of this policy is to give you the best value by only charging you for the time you use the vehicle.

⁴ Access to FLEX vehicles at your Value plan rates when more economical

This extraordinary perk is exclusive to Value plans members. If cheaper, any trip made with a FLEX vehicle will automatically be charged at the most economical rate between the FLEX regular rates (35¢/min, \$14/hr, etc.) compared to the cost of the same trip calculated at the rates of your Value plan. This comparison will be made no matter the duration of the trip, however a minimum of 4 hours will be charged if Value plan rates are applied (i.e \$2.95 x 4 = \$11.80 on Value Extra plan).

Here is an example, using Value Extra plan rates:

- If you use a FLEX car for 2 hours and drive 20km, you will be charged only \$16.80 (\$2.95/hr x 4 + 25¢/km X 20). The Open Plus FLEX rate would have been \$28 (\$14/hr x 2).
- The benefit is even greater if you keep the vehicle longer. For example, for 3 hours/20km, the price for the trip remains \$16.80, versus \$42 (\$14/hr x 3).

Try out your own scenarios and see how much you can save with this advantageous feature of the Value plans.

Damage Protection Plans Options (DPP)

Damage Fee (per event)*	Cost
\$600	\$1 per trip
\$300	\$6/month per driver
\$0	\$8/month per driver

* Liable or not.

All monthly Damage Protection Plan options, except for the default (\$600 Damage Fee for \$1 per trip), are a minimum 12 month commitment. You can reduce these costs by taking advantage of the protection offered by the credit card you use to pay your invoices if it includes collision loss damage insurance (cost per driver falls then to \$2 per month, and there is no monthly commitment). Requires a signed [Damage Protection Plan Waiver](#) (see online for more info).

Open or Open Plus	\$70 per month

Terms

- The FLEX Pass allows you to avoid being billed for the first 30 minutes of your trips. Your trips become billable starting on the 31st minute (100 km included/trip, 20¢/km additional kms).
- Each pass is valid for 20 trips and for one month from its date of purchase. Trips that are unused by its expiration cannot be carried over to the following month.
- It's up to you whether or not you apply the pass on a particular trip. You can activate it on any trip (there are no restrictions).
- You can activate your pass from the moment you block a vehicle; it is then possible to deactivate or reactivate it as many times as you wish for as long as the trip is still in progress. Once the vehicle has been released, it is no longer possible to modify your selection.
- The use of a FLEX Pass is reserved to its holder. As part of a family or business membership, each co-member or authorized driver will need to add their own FLEX Pass to their account to also take advantage of the offer.
- The free period applies to the first billable 30 minutes of your trip. You remain eligible for all other credits that may apply when you use a FLEX vehicle: 30 free minutes to get to the vehicle once it has been blocked, credit of up to 15 minutes for snow removal, and 20 free minutes when you fuel up with at least \$20 of gas. The relocation credit, however, cannot be combined with the 30-minute FLEX Pass credit. Only one 30-minute credit will be granted per trip.
- Unless you have chosen one of the other Damage Protection Plan options (see above), the default amount of one dollar (\$1) per trip applies, to limit your liability to \$600 in the event of damage or collision (at-fault or not).
- The use of a pass may be suspended without the right to credit, refund, or extension of its period of validity in the event of default or non-compliance with the conditions of use of the service (balance overdue, bank withdrawal failure, etc.).
